Commitment to Clean

As we welcome you back to our hotels around the world, we are committed to providing you with a safe environment that aligns with expert protocols for working to defeat COVID-19. Consisting of in-house and outside experts in food and water safety, hygiene and infection prevention, and hotel operations, our Marriott Cleanliness Council is redefining our cleaning and safety standards. We will actively monitor and evolve our solutions to ensure a continued focus on the health and safety of our guests and associates.

Cleaning Regimen Changes

When guests check into Marriott's hotels, they will notice a number of additions to the company's regimen designed to set an even higher standard of cleanliness for the hotels. Specific areas of focus include:

- **Surface Areas:** In public spaces, the company has added to its already rigorous cleaning protocols, requiring that surfaces are treated with hospital-grade disinfectants and that this cleaning is done with increased frequency. In guest rooms, Marriott has added to its detailed cleaning practices, requiring all surfaces to be thoroughly cleaned with hospital-grade disinfectants. The company will also be placing disinfecting wipes in each room for guests' personal use.
- **Guest Contact:** To help alleviate the risk of COVID-19 transmission through person-to-person contact, Marriott will be using signage in its lobbies to remind guests to maintain social distancing protocols and will remove or re-arrange furniture to allow more space for distancing. Hotel utilizes protective shields at front desks to provide an extra level of precaution for its guests and associates. All associates wear masks. You'll see more hand sanitizing stations around Marriott's hotels – near the entrances and front desks, elevator banks and meeting spaces.

In addition, in more than 3,200 of the company's hotels, guests can choose to use their phones to check in, access their rooms, and make special requests without contact. These "touchless" services can all be done quickly via Marriott's mobile Bonvoy App.

- **Food Safety:** At Marriott, food handlers and supervisors are trained on safe food preparation and service practices. Food and beverage operations are required to conduct self-inspection using its food safety standards as guidelines, and compliance is validated by independent audits. Marriott is also enhancing sanitation guidelines and training videos for associates that include hygiene and disinfecting practices. All food and beverage associates wear masks and gloves. In addition, the company is modifying its operational practices for in-room dining. See Bistro Fresh below.

Effective July 27, 2020, Face coverings are to be worn by all guests in all Marriott hotels in indoor public space. This includes Hotel restaurants, bar, and public areas, as well as meeting and event areas.

Per City of Savannah's ordinance enacted July 1, 2020, face masks are to be worn in all commercial establishments within the city limits of Savannah, as well as within Chatham County per ordinance enacted August 1, 2020.

Changes to service and amenities: In response to Covid-19, safety measures are in place at Marriott Savannah Riverfront to protect our guests and staff.

- Guest rooms are cleaned and disinfected between each guest's stay. Upon request, Housekeeping can provide daily refresh of towels, toiletries, and make the bed.
- Any guest staying seven (7) or more nights will receive full Housekeeping service on the eighth day of their stay.
- Coffee makers are provided in each guest room. Coffee pods and condiments are provided in the guest room. For additional supplies, contact the front desk.
- Ice is available on floors 2, 4, 6 and 8. Gift Shop offers sodas and beverages, as well as snacks.

At this time, the **Magnolia Spa and Concierge Lounge** are **closed**. Bonvoy Platinum members will receive 750 bonus points per night in lieu of Concierge Lounge access.
